1. The northern section of the rail link from Riesa-North (N 53/2 95) is completed as far as the overpass over the tracks of the Berlin interurban railroad system; the overpass will be completed in about two weeks.
2. It will take about three weeks to complete the section of the rail link from the overpass to the Kuestrin railroad line.
3. Of the two tracks of the Berlin interurban railroad system, one was opened on 20 November. The completion of the second track will probably require a number of additional weeks. *

* Comment. The construction of a rail link near Riesa, which is to establish a direct connection between the Kuestrin-Frankfurt/Oder main line and the northern section of the Berlin Outer Freight Ring, was reported previously.
